Thanks Jim. That is great news. We will pass along the language from the new permits for the compendium that our Headquarters office is putting together. We appreciate all the work you did on these permits.

**Subject:** Wisconsin MS4 GPs - responses to comments

Bob and Brian – The two Wisconsin MS4 GPs have been signed with an effective date of today, May 1. I'm still preparing some information for notification that the GPs have been issued and they will be posted on the WDNR website tomorrow, so I will send you both PDF copies at that time. In the meantime, attached is the document with the responses to comments. I will be notifying the other commenters in a separate e-mail that I will copy you both on. Thanks for all your help and constructive input into this process! Jim
